The history:

The campsite was purchased in the late 1950's. Originally intended as a Bible Class campsite, its use has broadened. In time the Ardmore Church building was moved onto the site. Over the years other buildings have been added with the latest being Awhitu Lodge and Bedroom 6 being gifted by the Crossroads Methodist Church in Papakura in 2014. The managing committee is committed to a programme of continued upgrading of facilities.
